“fun stuff” thread in the community forum

<https://community.openstreetmap.org/t/lustige-sachen-d/123833>

Meetups

15 or so monthly Stammtische

3 or 4 hack weekends

2 or 3 meetings of our local chapter
each year

yearly FOSSGIS conference
includes “OSM Saturday”

but what mappers mostly do
is actually improve the map...

Addresses in Germany

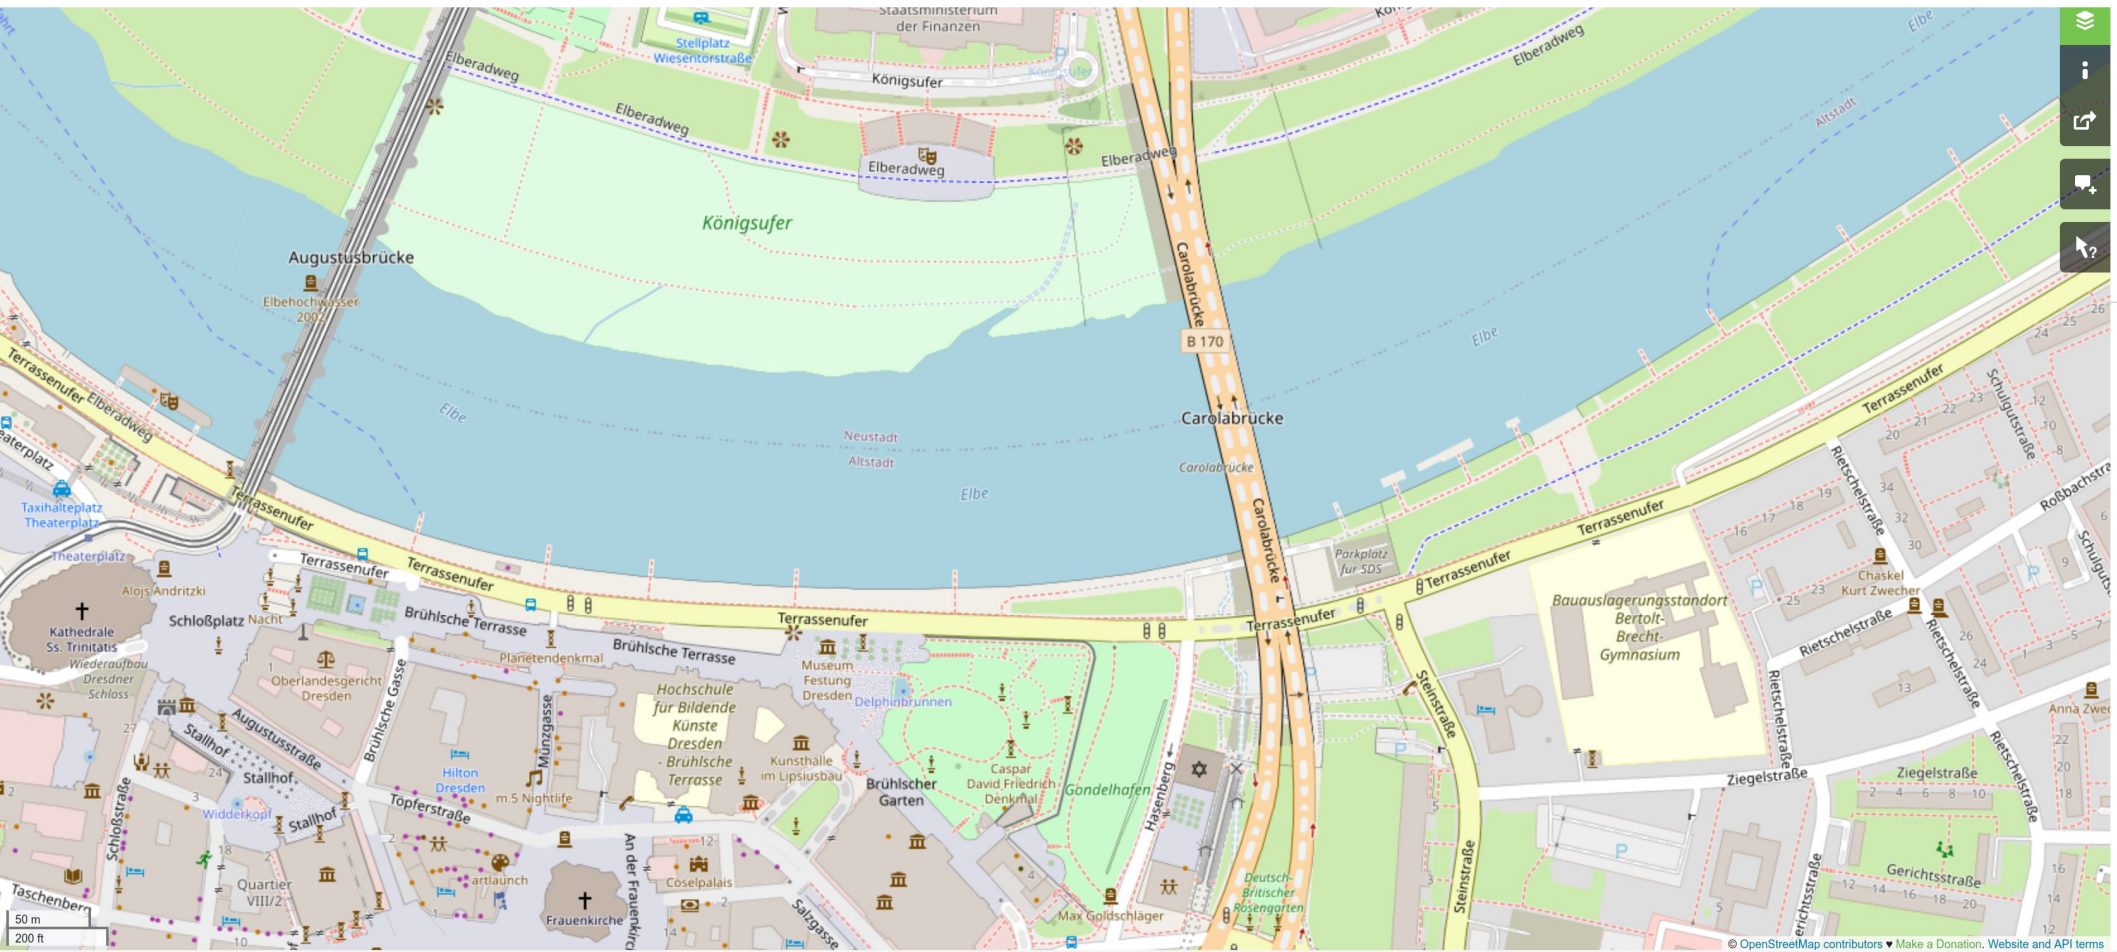

Germany has
about 22 million residential and
commercially used buildings.

OSM has nearly 20 million objects with
`addr:housenumber`.

**official data stops
at the border...**

A map of Lake Constance (Bodensee) and its surrounding regions in Germany and Austria. The map shows the lake's shoreline, major cities like Singen, Überlingen, Meersburg, and Friedrichshafen, and the international border between Germany and Austria. A white text box is overlaid on the map, containing the text "OSM data doesn't stop at the border...".

**OSM data doesn't stop
at the border...**

German Hiking Association:

“OpenStreetMap is the central data basis for
(almost) all relevant outdoor platforms”

Everybody is using OSM

OSM affects everybody's life

we need to engage with them

answer questions

solve problems

→ we have responsibility now for the
thing we created

local chapter OSMF for Germany

(also local chapter OSGeo
for Germany, Austria, and Switzerland)

about 370 members
(330 individual and 40 corporate)

- not all of them are OSMers -

Coordination

paid half-time position for OSM
point of contact for government and civic
organisations
explain OSM, find synergies, create connections

Events

Chaos Communication
Congress, Maker Faire, JKG,
Caravan, FrosCon, Kielux,
Chemnitzer Linuxtage,
KonGeoS, Datenspuren, ...

plus talks at various events

www.openstreetmap.de

information about OSM in general
and specifically about OSM in Germany

goal: good first point of information

OpenStreetMap

Die freie Weltkarte

Willkommen auf den Webseiten von **OpenStreetMap Deutschland**. Hier wollen wir OpenStreetMap und seine Community vorstellen und Hilfestellung bei der Nutzung und beim Mitmachen geben.

Helfen Sie OpenStreetMap als öffentliches Gut auf Dauer zu erhalten und zu verbessern.

[Werden Sie Förderer von OpenStreetMap!](#)

Über OpenStreetMap

OpenStreetMap (OSM) ist ein internationales Projekt mit dem Ziel, eine freie Weltkarte zu erschaffen. Dafür sammeln wir weltweit Daten über Straßen, Flüsse, Wälder, Häuser, Restaurants und vieles mehr. Und stellen alles kostenlos und frei zur Verfügung.

➔ Mehr über [OpenStreetMap](#) erfahren

OpenStreetMap nutzen

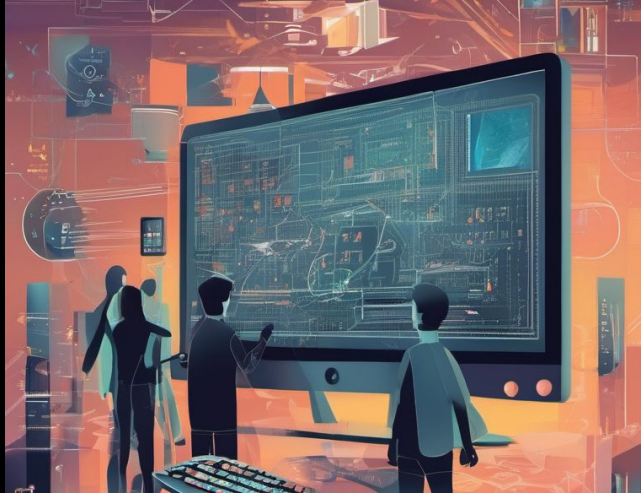

Es gibt ganz verschiedene Möglichkeiten, die Karten, Dienste und Daten des OpenStreetMap-Projekts zu nutzen. Viele Webseiten und Apps benutzen unsere Daten. Aber alle Daten stehen auch zum Herunterladen frei zur Verfügung und können damit vielfältig verwendet werden.

Services

uMap,
Overpass,
OSRM, Valhalla,
3D model repository,
tile server, coastline, JOSM

ca. 10.000 €/year

Service Provider Database

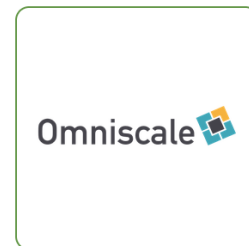

about 40 service providers
more than half offer services around OSM
<https://dienstleister.fossgis.de/>

New supporter program

started this year
looking for yearly contributions
several levels
not much uptake yet
